

## **Ant Capital Partners Announces Partial Sale of Equity Interest in VS Technology Co., Ltd.**

**Tokyo, December 4, 2025**

Ant Capital Partners Co., Ltd. (“Ant Capital”) announces that **Ant Catalyzer V Private Equity Investment Limited Partnership** (“Catalyzer V”), a private equity fund managed by Ant Capital, has completed a partial sale of its equity interest in **VS Technology Co., Ltd.** (“VST”), a Japan-based provider of machine-vision (“MV”) and image-processing solutions. The equity interest was transferred, as part of VST’s ongoing capital strategy, to funds managed by **TGVest Capital Inc.** (“TGVest”), specifically **TGVest Asia Partners II (Taiwan), L.P.** and **TGVest Asia Partners II, L.P.**, effective December 4, 2025.

---

### **Transaction Overview**

The transaction represents a continuation of value-creation strategy of VST. Ant Capital will remain the largest shareholder of VST and continue to support the company’s management team in collaboration with TGVest.

VST was highly evaluated by TGVest because of the MV market growth trend, VST’s robust market position, and its strong growth outlook, including the demand in physical AI.

---

### **Strategic Considerations**

TGVest is a growth-oriented investment firm focused on technology companies across Asia, with specialization in advanced manufacturing, semiconductors, and related digital-infrastructure sectors.

The incoming investor’s assessment emphasized:

- Structural growth in machine-vision applications driven by artificial intelligence and automation;
- VST’s established market position, proprietary optical capabilities, and customer relationships; and
- Opportunities for further business expansion and geographic expansion.

Ant Capital believes that TGVest’s sector expertise and regional network will contribute to VST’s next phase of development. Ant Capital will continue to collaborate with TGVest and VST’s management team to support long-term value creation.

---
